P@TOW Pavilion, Chiang Rai's most luxurious and privately owned mountain top home, proposes to you a stunning tour in nearby valleys by riding an original vehicle, called "buggy". You will be led through magnificent landscapes, with nature as far as your eyes can see. You will have the fantastic opportunity to meet with Mien Hill Tribe: small village composed of around 200 farmers, you will have the unique chance to observe their real way of life. Surrounded by a lush vegetation, you will drive into the mountains, through rubber tree plantations, over mountain ridges and valleys and you will stop in front of impressive waterfalls. At the pavilion, enjoy a delicious lunch, an agreeable sunbath or swim in the cliff-top salt-water swimming pool.
